Q&A

What tip would you give women who are starting a business?

Go for it! It was the best thing I ever did. Have a vision, take the risk, make it happen. Select amazing people to go on the journey with you.

What do you like best about owning a business?

I love being able to practice the way I want and to treat my patients the way I want. The sky is the limit, and you are in control.

What is your motto or theme song?

Treat everyone from the heart. Do for them what you would do for your own family. Be motivated by doing the right thing and you will never go wrong.
