Dr. Manal Ibrahim, a specialist in orthodontics, strives to make her office atmosphere mimic the way her family feels when they walk into her home for Thanksgiving dinner.

From the staff members she chooses to the art work on the walls, all attributes of her office have been hand-picked from her heart. They are all a reflection of the love she has for her patients and the magic she works in their mouths!

To Dr. Ibrahim, orthodontics is more than just a pretty smile. She focuses her practice on how patient's will go through the aging process using her vision for idealizing their bite, function and smile for lifetime benefits. Her extensive training and experience with orthodontics, prosthodontics, aesthetic and implant dentistry makes her uniquely qualified to treat patients with a wide variety of needs. She holds certificates in both Orthodontics and Dentofacial Orthopedics and Advanced Combined Prosthodontics and is an invisalign® Premier Preferred Provider.

Dr. Ibrahim stays abreast of the latest advances in dentistry with memberships in the American Association of Orthodontists; American College of Prosthodontics; Illinois State Dental Society; American Academy of Fixed Prosthodontics; Chicago Dental Society and the American Dental Association. Dr. Ibrahim is also on the Board of Directors of the UIC College of Dentistry's Alumni Association where she keeps in close contact with advances in dental education.

Meet Dr. Ibrahim at Innovative Orthodontic Centers where she provides state-of-the-art braces and invisalign®for patients of all ages.
