Innovative. Compassionate. Friendly.

Founded by Dr. Manal Ibrahim, a dual-trained specialist in prosthetic dentistry and orthodontics, Innovative Orthodontic Centers provides the most innovative orthodontic techniques currently available for patients ages 7 to 70+. As the sole practitioner at Innovative, Dr. Ibrahim's passion for dentistry, as well as her loving approach towards her patients, sets her apart from the rest.

Dr. Manal Ibrahim

What are your most popular products or services?
Clear braces and Invisalign.

People may be surprised to know...
That even 7-year-olds can have braces, and the enhancement to their self esteem and appearance is tremendous.

What or who inspired you to start your business?
It was incredibly difficult to work in other businesses who didn't share the passion of dentistry and love for patients.

Who is your role model or mentor?
If I could be even 1/4, the woman, friend, mother, and wife my mother is, I would be so greatly enriched.

How do you spend your free time?
I spend every free second with my husband and sons. I don't care what we do, as long as we're together.

What is your indulgence?
Everyone knows: sushi, shoes, and chai lattes!
